Better projects for  
a better future

# APM SIGs – Get involved

The APM SIGs have an important role to play within APM in creating and disseminating new knowledge.

- Input to creating and disseminating new knowledge
- Create knowledge sharing opportunities on current interests of the profession – CPD!
- Further the understanding and practice of tools and techniques
- Inspire future project managers
- Give back to the project management profession
- Learn new skills
- Many more reasons!

# APM PMO SIG - 2022 to the future

With the continuing covid restrictions during 2021, the APM PMO Specific Interest Group have worked to create online content to continue the PMO conversation

Our business plan for 2022-23 is already reaping the benefits of people being more accessible, with face to face and virtual events scheduled, along with our PMO Wisdom podcasts, and regular articles and blogs.

We continue to work with branches and other APM entities to bring pertinent and accessible knowledge about PMO to the industry.
