APM Branch - 2022 to the future

This year has been a quiet year for the branch due to the pandemic.

We have organised online events and considered exciting ideas for future in person events.

The regional focus for the coming year.

- Organise quality in person events across the region,
 - Improve the engagement of academic institutions and students,
 - Build the APM Branch Awards following the launch in the East of England in 2021,
 - Expand our Social Media presence on LinkedIn,
 - Offer opportunities for the profession to network, make connections and learn about the latest development in project, programme and portfolio management.
