

THE CHARTERED BODY FOR THE PROJECT PROFESSION

# APM Planning, Monitoring and Control Specific Interest Group (SIG)

SIG report 2021-22

APM at 50:  
Better projects for  
a better future

# APM SIGs – Get involved

The APM SIGs have an important role to play within APM in creating and disseminating new knowledge.

- Input to creating and disseminating new knowledge
- Create knowledge sharing opportunities on current interests of the profession – CPD!
- Further the understanding and practice of tools and techniques
- Inspire future project managers
- Give back to the project management profession
- Learn new skills
- Many more reasons!

# APM Planning, Monitoring and Control SIG - 2022 to the future

The APM Planning, Monitoring, and Control (PMC) SIG is a disciplined and passionate group whose focus is on furthering the knowledge and understanding of control methods for projects, programmes, and portfolios.

In 2021 we met monthly, with virtual meetings in Teams, concluding with a face-to-face social meeting in December. In 2022 as well as virtual meetings we have had one 'hybrid meeting' in March and plan to hold two more in June and September.

The *Project Control Maturity Assessment Framework* was launched last autumn. We also have a working group looking into Project Data Analytics (PDA).

We are currently completing a *Project Controls Guide for Senior Managers* and working up a new edition of the *Planning, Scheduling, Monitoring and Control Guide*.

We are always looking for interested parties to join us from whatever industry, with little or a lot of experience!

Finally, we are calling for nominations for volunteers to take on more formal committee responsibilities. If you are keen and able to join our meetings, support events, contribute to SIG initiatives, we would be happy to welcome you.
