APM Branch - 2022 to the future

APM North West Branch has had a great year of providing virtual and in person activity to the local project management community. Holding a number of virtual meet ups to discuss and support community members.

APM North West Branch is also holding the first APM Branch Conference in Manchester on the 10 May 2022. Really looking forward to seeing the local community coming back together.

APM North West Branch is looking for new volunteers to join the Committee with the ambition to create new events and lead the Branch in the future and continue the great achievements.
